

PRODUCT INFORMATION

Benefits

- PVC free laminate
- Durable scratch resistant surface
- Easy to install and demount
- Easily cleaned with a damp cloth or sponge

PVC free laminated ceiling panel offering high durability.

SpanGrid Protech is a durable, scratch resistant, easy to clean ceiling panel designed for applications in commercial and industrial environments that require a high level of durability. Spangrid Protech is pre-finished with a PVC free laminate and is quick and easy to install. Protech ceiling panels complement the existing range of paper, vinyl and plain face ceiling panels offered by Knauf Plasterboard.

Installation

All ceiling panels are available in a variety of paper and laminate finishes and are designed to suit most standard 1200mm x 600mm exposed grid systems.

SpanGrid Range

PRODUCT	DESCRIPTION
	SpanGrid Ceiling Panel is a paper faced plasterboard ideal for offices, schools and shopping centres.
	SpanGrid Protech Ceiling Panel is a durable and PVC free laminated plasterboard ideal for commercial and industrial environments that require more durability.
	SpanGrid Cleancare Ceiling Panel is an innovative vinyl laminated plasterboard incorporating an antibacterial additive to resist mould growth. Ideal for applications requiring higher levels of hygiene control.
